We are Devoted to Building an American National Assembly of Responsibly Self-Governing Communities, especially focusing on "Local Community Empowerment" under the "Exodus-18 Model of Local-Government".

Our Conferences largely discuss our Lawful Basis for Exercising our Rights to Motivate, Recruit, & Organize, Sufficient Numbers of Socially-Responsible People, in order to Build Local Responsibly Self-Governing Communities of Volunteer "Peace-Officers".

This Includes especially our Precinct-Level "Justice-of-the-Peace" "Judicial-Officers"; who have traditionally exercised their All-Powerful & Fully-Sovereign "General-Judicial-Jurisdiction".

It Also Includes their Immediate-Supporters, the "Constables"; who assume Duties to Collect All Economic Tithing-Donations; & who are responsible for All Executive & Enforcement Functions; & who are our More Numerous & On-The-Ground "Peace-Officers".

Most other Volunteers can qualify as much-needed "Deputy-Peace-Officers", &/or as "Jurors", all of which will be Options Available to All who Volunteer at our entry-level as "Qualified-Electors".

Here-under; All Needed Self-Governing-Machinery Will Be In-Place, in order that our Self-Elected & Grassroots-Accountable Community Leadership may effectively "Keep the Peace", & Enforce Our Common-Law Jurisdiction Hundred-Court Community's "Jury-Verdicts".

Virtually All Reputable Constitutional-Law Scholars Admit our Common-American People, Collectively, Have the Right, (& Duty), to Organize our Self-Governing & Common-Law Compliant Communities In This Manner.

And Because Most of our Nations Serious-Problems are Caused By "Corruption in National-Government"; here-under, We Are also Prioritizing "National Common-Law Community Organizing".

Effectively; this amounts to our Calling Forth Our Own "Constitutional Convention"; which, under our "Common-Law Jurisdiction", would more accurately & completely be described as an "American-National Organic-Body-Politic Constitutional-Convention".

Such an Assembly of Constituents of our American-National Organic Body-Politic is solidly & Historically Based On "Biblical Torah-Law". Linkages to such Historical Precedents Are Plentiful, & they Include Linkages to our American Nation's More Common-Law Compliant, "Original Constitution Document", which is still known as the "Articles of Confederation". Such Historical Linkages also Include the ancient English Anglo/Saxon General-Assembly known as the "Witenagemote".

All of these More Ancient & Rightously Self-Governing Assemblies are Explained More Fully in the "DeeperHistory.pdf" document, (& the documents there-under also linked); as presented here-in above.

The Supreme-Goals of Our Open-Assembly of Free-People, is for Our Assembly to Provide the "Public-Service" of Clearly Identifying "Objective Truth", & "Objective Justice"; & here-under, to Harmonize with the Natural/Organic Principle of the "Consent of the Governed".

. Here-under; & as a matter of regularly-obligatory General-Jurisdiction "Common-Law Procedure"; All "Good-Faith Participants", including those holding Opposing-Views, are Welcome to Challenge & Contest all Policies & words here-in presented. Discovering & Sharing "Objective Truth", is a "Necessary Pre-Requisite", Before we may actually be able to achieve our "End-Goal" of "Justice".

"Pastor Daniel Johns", of Florida, has also frequently participated with Charles, both in moderating, & also in presenting discussion of the Core Beliefs & Goals of the "Responsibly Self-Governing Communities" which we are attempting to establish, empower, & organize.

Pastor Dan has been pivotal in providing beneficial guidance & direction for our community; & more info regarding his Skill-Set & Contributions to Our Community, is available in the web-link here:

I, Charles Stewart, am really quite proud of all of this Cutting-Edge Court-Room-Activism Video-Content that we have created & shared.

I suggest, as with-in our general larger American Patriotic Community, No Other Patriot Group today is Even Coming Close to Matching Us, in the Value of the Information We are Sharing, in building towards our ultimate goal, of serious Grass-Roots Empowerment & Responsible Self-Governing Community Organizing for our Common People.

I am quite open to being contacted & communicated with, by all people who are motivated by legitimate good-faith concerns for our Common People.
