

**Assembling, Organizing, Legitimizing, & Certifying,
our Organic/Constitutional Common-Law Township Jurisdiction's:**

“Peace Officers”.

**This article is a continuation in as series, with the previous article being entitled:
“Constitutional Confusion, an Epidemic Afflicting our American-National Body-Politic”.**

One of our movement's Most Prioritized Goals is to Contact, Assemble & Organize “Honorably-Concerned & Patriotic Americans”; who are Willing to Assume the Duties & Act as Common-Law Jurisdiction “Peace-Officers”.

All such volunteer “Peace Officers” will serve the “Public Interest”, with-in each of their separate & fully sovereign “Township Jurisdictions”, & under their own Constitutionally Qualified “Judicial Authority” of the “Court of Justice”, for their next larger “Precinct Jurisdiction”.

Here-under; each such Township level “Peace Officer”, or “Constable”, will have “Community Care-Taking” Functions & Duties; which will include his Duty, to the best of his reasonable capabilities, to effect the “Arrest” of all persons committing common-law crimes against constituents in the jurisdiction of his Township; & that includes corrupted public-servants who act out-side of their lawful-authority.

Funding will be provided by way of our common peoples issuance of our own “Social Credit”; from our more organic & consensus-based “Federal” level of jurisdiction. This will be done through each of the 435 defacto/municipal federal representative districts, which reasonably & proportionately sub-divide the legitimacy of our present defacto/municipal USA national governmental structure.

Each of these 435 political sub-divisions of our nations federal government, will be appointed one patriotic judicial officer, who shall; command the distribution of the \$435-Billion in funds which have been tendered to the US-Treasury, for funding of this process.

The first volunteer for this office will need to ask the present occupant of that defacto government representative's office, if he is willing to assume the duties associated with responsibly self-governing, judicially; under our model which is more fully, meaningfully, & organically “Accountable” to the twelve common-law qualified-elector/constituents/jurists who are required by law to place their own personal stamps of legitimacy & justification on every act of that national representative's mode of judicially sovereign community self-governing.

.

present office holder will be
