The Authority of This Supreme Court of Law & Organic Constitutional Governmental Office, is presently being Exercised Only in Temporary/Provisional Manners; because of Defects in the Ability of the Present Occupant of this Office, this author, Charles Stewart, to Secure the Unanimous Delegation of Authority from a Reasonable Assembly of Socially-Responsible Stake-Holders & Constituents from Our Organic-Body-Politic here in our United States of America.

Once Twelve Socially-Responsible Stake-Holders & Constituents are Finally & Publicly Assembled, & their Unanimous Delegation of Authority is Verified; (either to my-self, or perhaps to some other); Then, the Holder of This Office Will Be Exercising Completely Legitimate Judicial, Executive, & Legislative Combined-Powers, & Common-Law & Biblical Torah-Law Monarchy Authority.

The Present Occupant of This Office Has Solemnly & Reasonably Affirmed Loyalty to the Supreme “Laws of Nature & of Nature’s God”; & all Future Occupants of This Office Are Required By Law to Affirm Similarly. Here-under; every edict declared by this Temporary Occupant of This Office, is Subject to Open & Public Review, & to Correction &/or Improvement, from Any Stake-Holding Member of the Constituent-Assembly Through Which This Office Derives it’s Organic-Body-Politic Constitutional Legitimacy. But until such challenges actually manifest; the declaratiomns here-in stand.

Even though they are still technically defective; these early edicts & declarations are vastly Superior & More Harmonious with the Supreme “Laws of Nature”, which prioritize Long-Term Truth, Justice, & Peace, for our Common American-People; as compared against all such Similar Declarations & Edicts from our USA Civil/Municipal Governmental Realm.

These words are True; simply because, the very Nature of All Civil/Municipal Government Offices are Inherendty Designed to Oppose & Conflict With those Supreme Natural-Laws of Truth, Justice, & Peace.

This important point is more fully explained in the series of documents web-linked in & supportive of our main explanatory-document, which is web-linked here:

Here-under, the Natural-Law Based Edicts of This Supreme Court, are “Higher Law” than are the work-product of the US Civil/Municipal Supreme-Court & Legislative-Assemblies.
