Summary of Charles Stewart's Previous Lectures/Sermons:

In our recent conferences, this author/host/moderator did there-in continue with my own Series of Brief Opening Lecture/Sermons, in which i expanded on the "Traditional Organic Social Community Relationship" between "Israelite Torah-Law", "Christian Bible-Law", "English Common-Law", & "American Constitutional-Law". I further expanded on these insights, by jumping-back in History, to the events surrounding what is known as the "Jewish Revolution of ad-66"; & which is directly related in this time-line to the Biblical verses of Mark 6, 39 & 40, & in Luke 9: 14 & 15; where-in are clearly illustrated, that, Israelite Messiah/Christ, Yeshuah/Jesus, was directing His Followers to Organize Similarly as the previously-referenced Power De-Centralizing Governmental-Model of Exodus-18. I then built there-on, to illustrate, that, the clear implications of all of this, is that, "Jesus was a Revolutionary".

I then pointed-out how all of this history indicates a Grand Surviving Spiritual & Legal Legacy of the "Perfect Law of Liberty"; & how this amounts to a Perfected Spiritual Ideal of De-Centralized Responsible Self-Government as Reasonably Perceived through close-examination of our modern Anglo/American Organic/Constitutional Tradition of "Due-Process of Common-Law".

Our more recent conferences have focused more intensely on "Modern Applications" of these Ancient & Time-Tested "Perfect Laws of Liberty". There-in i explained how the American National "Constitution" document, of 1787/1789, did Not establish a "Government Of the People, By & For the People", under general & "Public Law", but rather it Established a "Private-Corporation for a Public-Purpose". The alleged reason for this convoluted quagmire of

confusion, was, because our Common People were Too Incompetent to "Responsibly Self-Govern", under a general & public system of Common-Law; & there-under, we allegedly Needed a "Nanny State" to impose "Coercive Force" over us all, as is generally described in the concept of "Parens Patriae".

Building further here-on, we explored the concept of "Venue", & how our most powerful arguments center around "Challenging Jurisdiction" in the modern defacto Civil/Municipal Courts. Further explained here is that all Federal Courts & all State level Circuit & Superior Courts, are only Courts of "Limited Jurisdiction"; as contrasted with the much More Lawfully Empowered Courts of "General Jurisdiction", which are Constitutionally Mandated to Exist at our Precinct & County Levels. The related Concepts of "Original Jurisdiction" & "Exclusive Jurisdiction" here come in-to powerful play. These are extremely powerful concepts; which only a small part of our community seems to fully comprehend.

## Following General Agenda Items:

General Agenda Item 1: Following directly in pursuit of my above discourse; perhaps the Single Most Important Issue for our Community to Discuss, is the issue of "Executive Action" & "Enforcement". We have discussed previously how the Biblical Torah-Laws of Exodus 18 De-Centralize the Governing-Authority of our Lawful Israelite People; & that same Torah-Law further describes this same "Executive/Enforcement" Governmental Organizational Model, in the Torah-Law book of "Numbers", at Chapter 1, Verse 3:  
<http://biblehub.com/numbers/1-3.htm>

This "Biblical Executive/Enforcement Model" directly supports our modern Lawful Right to Organize under Traditional Anglo/American concept of "Posse Comitatus"; & this Continues-On to even Further Empower us thru our American Lawful Constitutional Authority to execute "Citizens Arrests"; just precisely as all-most every single State in the Union has "Statutorily Recognized".

- [https://en.wikipedia.org/wiki/Citizen%27s\\_arrest](https://en.wikipedia.org/wiki/Citizen%27s_arrest)
- <http://le.alcoda.org/publications/files/CITIZENSARREST.pdf>
- <https://www.oregonlaws.org/ors/133.225>

1.1: Above described is the "Bible-Law/Common-Law Executive/Enforcement Model", which is Lawfully Required to Govern Executive/Enforcement with-in our USA. How-ever; there are among us numerous law-gurus who seem quite content to Fixate the Attention of our Entire Patriot-Community on some version of what might be described as their "Military/Pentagon Executive/Enforcement Model".

1.2: That Plan is Modeled up-on what might be best described as a "Nanny-State"; where, the Entire Body-Politic of our American-People are recognized as being Too Mentally, Spiritually, & Courageously "Incompetent" to "Responsibly Self-Govern". There-in, & under our "Original Constitutional Plan" & it's Guaranteed "Republican Form of Government", our Constitutionally-Guaranteed Rights to "Responsibly Self-Govern" are to be Sacrificed on the Alter of Fear; at least when it comes to the critically-important "Official Duties" of both "Executive Officers" & "Judicial Officers". Under that "Fear-Mongers Model"; the Entire

**Body-Politic of our American People** are targeted to be reduced to the status of "Incompetent Children", such as described in such legal concepts as the "**Parens-Patriae Doctrine**", & who **are to be for-ever pampered by a presumably benevolent "Nanny-State Government"**.

[https://en.wikipedia.org/wiki/Parens\\_patriae](https://en.wikipedia.org/wiki/Parens_patriae)

<https://www.merriam-webster.com/legal/parens%20patriae>

1.3: Please note further here, that, **many among these fear-mongering law-gurus** are not merely asking for our American People to Quietly Accept these allegedly benevolent "Nanny State" realities; but they **are further insisting, that, applicable "Law" Requires, that, we Grovel & Beg for them to Provide their "Nanny-State Government" for us, by way of our first Completing Monumental Work-Loads of Paper-Work, so that Smaller Sub-Set of the "Good Military & Pentagon People" can there-under claim "Lawful-Authority" to "Break-Ranks" with the "Bad Military & Pentagon People", & there-under, to Move With their Military-Force so-as-to "Arrest" the "Bad Civil-Government Officers", & seemingly there-after to promptly & generally point lots of guns at lots of people, until, finally, some-how, we get a workable "Nanny-State Government" firmly established.**

1.4: Many of the members of Our Court find these propositions to be "poorly thought-out", perhaps to the point of insanity. While **all members of Our Court fully Recognize that There Are some Serious "Dangers" in Our Constitutional "Republican Form of Government", & which Requires our "Responsibly Self-Governing" in our own smaller communities; we also Recognize that We Are already In a Serious Battle for the Survival of our Nation, Humanity, & the entire Earth; & that America would be Nothing if it were not for the Heroic Efforts of the 1776 American Revolutionaries, & some among us even trace this Grand Legacy of Liberty back all the way to the Martyrdom of Christ/Messiah Jesus/Yeshuah; & here-under, we are inclined to quote Samuel Adams, when he said "May Your Chains Set Lightly Upon You".**

[http://quotes.liberty-tree.ca/quote/samuel\\_adams\\_quote\\_428d](http://quotes.liberty-tree.ca/quote/samuel_adams_quote_428d)

1.5: Further here-under; Our Conference/Court will again Continue our Discussions of what we perceive as the **More "Constitutionally Lawful" & "Republican" form of Government, especially regarding "Executive" & "Judicial" Powers, & under what might best be termed as Our "Organic Body-Politic Executive/Enforcement Plan"**; as the web-links immediately following so imply:

**General Agenda Item 2:** In further & much-needed pursuit of the above "Executive/Enforcement" concerns, along with a literal multitude of closely related others; this author, Charles Stewart, has **completed much needed Orientation & Activism Documents; all of which are designed to Promote "Responsible Self-Government" with-in Our Organic American Body-Politic; & with this long-term goal being accomplished through Explaining to People of**

**"Good Reputation" the Simple & Few Steps which the "Rules of the Common-Law" Require for an Individual Adult American to Become an American Organic Body-Politic "Constituent" & "Qualified-Elector"; as the document First Web-Linked below explains.**

**That document accurately reflects its contents; as: "Duties & Benefits of becoming Certified as a 'Qualified Elector'. ..." It further describes the Moral-Imperative & Lawful-Mandate for All Honorable-Americans to assume their Inherent Lawful-Authority to Seize Control of the "Police-Power" with-in our own Local & Private/Special Communities/Districts. It gets in-to heavy but abbreviated details of the Organic Body-Politic Relationship between the Qualified-Electors, their Townships, & their resulting Assembly of Ten of these as a Lawful "Precinct".**

**2.1: The "Second Web-Link" below presents extensive "Citations" in support of all of this. Expanding there-on; a "Third & Fourth Web-Links" below includes a "Blank Form" to Fill-Out, & which is based on the "Rules of the Common-Law"; all of which may be Reasonably Interpreted so-as-to Empower Other Adult Americans to become so "Certified" as "Qualified-Electors". This is lawfully accomplished by way of convincing "Two Witnesses" to so Certify the Adult American Seeking "Qualified-Elector Status; through filling out that same Third & Fourth Web-Linked Form/Document below. The Fourth & Fifth Web-Links below provide additional data designed to assist Honorable Adult Americans in Completing this process.**

**General Agenda Item 3:In even further & much-needed pursuit of all of the above concerns; this Pro-Tem Judicial-Officer, Charles Stewart, seeks to guide discussions with-in Our Court, as opportunity allows, towards, development of our collective Resolution for a Plan for Producing 'Streams of Economic Support' for our numerous 'Front-Line Warriors', who are Risking their Lives by producing Cutting-Edge Work in Bringing About a Paradigm-Shift towards 'Fully Accountable Government'. In the views of this author, Charles Stewart, this sort of "Economic Support" can best be completed thru similar process as that employed in the marketing/selling of the commercial instruments known as "Municipal Bonds"; but rather they would be more properly known as "Common-Law Bonds".**

**This author has composed rough-drafts of documents explaining detail of how such a concept might be brought to life; but, final form for those documents has never materialized. The cutting edge work of "Hartford Van Dyke" is related here-to. Related web-links follow immediately; with the first one being an incomplete but generally accurate out-line from this author; are here: <http://constitutionalgov.us/Archive/Charles/Fundraising/FundRaisingThruAfterRevolutionCredi>**

4.2: Further here-under; is opportunity to discuss the current work in Marketing the "Foreclosure Defense Program" of Thomas Hargraves; & where-under, this author, Charles Stewart is currently focusing efforts at Phone-Marketing this advanced program to lists obtained of Individuals Facing Foreclosure; & there-by enabling them to Save their Homes from Lawless Foreclosure by the Banksters. Honorable conference attendees who are searching for ways to gain their own economic self-sufficiency, while also producing significant positive change for our American People, are welcome to contact me about how also to become involved in this program. <http://foreclosuredefenseprograms.com/about-us/>

## Concluding Notes:

Many subjects discussed in our recent phone-conferences will be re-visited in this evening's conference, as "Un-Finished Business". Audio-File Recordings & partial Transcripts of our recent conferences will eventually be made available through the web-link, here: <http://www.talkshoe.com/talkshoe/web/talkCast.jsp?masterId=10929&cmd=tc>

Our Conference/Forum/Court's Attendees seem to have developed the "Consensus", that our American People Must "Organize" to do Rightous & Lawful Battle against those Powerful International & Spiritual "Criminals" who routinely, habitually, & secretly Conspire commit Acts of Murder & Terrorism against our Common American People. Any-one; please, "Correct Us" if we might "Error" in Our Collective "Judgement", on this important issue. Our nicely maturing "Jural-Society" Community will again focus our discussions on engineering "Lawful Remedy" for the above-described Evils.

The "Rules of the Common-Law", aka: "Due Process of Law", will again be focused on here; as these profound phrases were "originally intended" with-in the Fifth, Sixth, & Seventh Amendments. Here-under, we will also generally & loosely follow "Roberts Rules of Order"; which includes prioritizing "Old Business".

Here-under; probably the Main Focal-Point of Our Conference/Forum/Court, is to facilitate the "Meaningful Em-Powerment" of our Common American People; & this all by way of Lawfully Organizing each of us as Certified "Qualified-Electors" & "Jural-Society Members"; all of which will further Em-Power us as we there-after Certify the Election of Our Own Executive "Peace Officers", & "Judicial Officers"; & there-under to 3: Issue Many "Jury-Trial Verdicts", recognizable under the "Seventh Amendment"; & further there-under, to 4: Breathe Life In-to: our County level "Posse-Comitatus".

Here-under; our Conferences here are Prioritizing the Assembling of our own "Common-Law Juries", all so-as to Lawfully Adjudicate the Multitude of Complaints of Rampant Injustice in our modern American Nation.

~~~

This author, Charles Stewart, has come to realize, that, every honorable American has a Duty to either Personally-Assume the "Judicial Power", (which is the "Highest Power of the Law"); or else to "Pledge Support to Another" who is Willing to Assume these Desperately Needed Leadership Positions. This same basic organizing process was focused in ancient times thru the equivalent of, a "Common-Law Monarchy"; where-in the "Chief Judicial Officer" of Every "Hundred Court" in the Kingdom, controlled his own "Hundred-Man Army".

This man was the equivalent of the Roman "Centurion"; who is described in the Bible as having Lawful Authority to go any-where & to Command All Common People to Do Any-Thing that he declared to be "In the Interests of Justice". Similarly profound Powers are Lawfully Vested in All Precinct-Level "Judicial Officers" as the Oregon Statutes linked through the following web-pages clearly describe, here:

<http://oregongov.us/CitationsOre/ORS/ORS-1.230-1.240-&1.250-PowersOfJudicialOfficers-DistinguishedFromCourts-&Contempt.pdf>

<http://oregongov.us/CitationsOre/ORS/ORS-1.010&1.020-PowersOfCourtsOfJustice&Contempt.pdf>

<http://oregongov.us/CitationsOre/ORS/ORS-1.270&1.260-PowersOfOtherJudicialOfficers-InPrecincts.pdf>

<http://oregongov.us/CitationsOre/ORS/ORS-1.040-&1.160-CourtOfJustice-JurisdictionEnforcement-Public&Private.pdf>

<http://oregongov.us/CitationsOre/ORS/ORS-206.050-CommandingAssistanceInProcessServing.pdf>

Here-under; our American People need to Draft in-to the Service of our People as many such of these Competent & Courageous "Judicial Officers" as we can find; & the Best of These Judicial-Officers will need to Each Assume One Of "Twelve Positions" of "American National Common-Law Governing Authority"; & here-under to Judicially Act as "Stake-Holders in the Revolution". Our Conference/Court Meetings will here-under have Lawful Authority to Act as an Organic Assembly of "American National Common-Law Judicial-Officers"; & our Conference/Court "Agenda" here-under should regularly Open with our Twelve Individual Stake-Holding Judicial-Officers should Each give brief (5-minute or so) Reports on their own Jurisdiction's efforts in "Advancement of our Cause of Justice".

~~~~~

As above referenced; Our Conference/Forum/Court is actively "Assembling" an American National Community of "Common-Law Judicial-Officers"; each of whom should be willing to Assume the Duties of One of the between 200,000 & 300,000 "Vacant Offices", which are referenced in the Sixth-Amendment as "Districts", but which under common-law jurisdiction are referred to as "Precincts". Each of these 200,000+ "Vacant Judicial-Offices" contain the fully sovereign "Judicial Power", as wielded by more ancient & localized "Common-Law Monarchs",

each of which commanded a "Hundred-Man Army"; & as statutorily recognized for both ancient & modern versions of civil/municipal "Magistrates"; & this all with modern lawful authority to "Issue Arrest-Warrants", & to "Issue Money"; & "to control ... the conduct of ... all persons in any manner connected to a judicial proceeding before it, in every matter appertaining there-to".

<http://www.oregongov.us/CitationsOre/ORS/ORS-1.010&1.020-PowersOfCourtsOfJustice&Contempt.pdf>

Here-under exists Over "Two Million" very Small "10-Household Communities" of Fraternal/Ideological/Religious &/or Geographically-Local "Township" level "Peace-Officers"; each of which have Lawful Authority to Execute "Arrest Warrants" against the most Powerful Criminal-Conspirators in our nation; & there-by to lawfully breath meaningful Life in-to our Common-Law County level concept of "Posse Comitatus"; & there-by, to provide a Working-Environment with-in which honorable "Provost-Marshals" & other Military People may find "Legitimate Duties" for Assisting in the Execution of Lawful Court Process.

We have recently also set-up anther phone-conference; in nearly the same day & hour time-slot; & for purposes of addressing these same problems, but from the differing angle/view-point of "Economic Concerns". More info about that differing but related Phone-Conference, is available thru web-links, here:

<http://ConstitutionalGov.US/Treasury&PublicBanking/ConferenceRecordingsTranscripts&Invitations/>

<http://www.talkshoe.com/talkshoe/web/talkCast.jsp?masterId=127720&cmd=tc>

<https://chat.holochain.net/appsup/channels/town-square>

Please note, that, our Conference's Web-Page presents a very interactive "Chat-Window"; with many divergently-opinionated & educational web-links & comments routinely shared there-in; but also showing clearly Who is calling In-to the Conference, & whether or not they are Muted. Also here-in is a very useful "Audio-Feed", which may be listened to very conveniently; (but without ability to participate in the speaking, except other than by calling-in over a normal phone). The audio & chat-window is web-linked, here:

[Click here to join the call or just listen along.](#)

[\(Optional\) Become a TalkShoe member; & get your own customized chat-window ID.](#)

[You can also join the call through a Facebook/TalkShoe program.](#)

While the "Chat-Window mentioned above does make our main conference hosting company of "Talkshoe" is our preferred forum; Talkshoe does have occasional Problems in their ability to

provide Access there-to; & here-under, we regularly schedule a "Back-Up Conference Forum", which we only rarely might need to actually switch to, as web-linked here:
Conference Phone-Number: 1-218-548-1585. / Conference PassCode: 877464
https://www.freeconferencepro.com/participant_panel.aspx

Copies of recent versions of our Conference/Court Invitation & this Memorandum, should be available on our web-page, here:

<http://constitutionalgov.us/SupremeCourtOfLaw/Archive-ConferenceAnnouncements/Conference&Court-SupportiveText-Agendas-OrganizingOrganicGov.html>

<http://constitutionalgov.us/SupremeCourtOfLaw/Archive-ConferenceAnnouncements/Invitation-OrganicConstitutionalGovOrganizing-Conference&Court-14February2018.html>

And we also have a Full-Time Chat-Window that is very useful for keeping in-touch through-out the week, by scrolling down a bit, on our Home-Web-Page, or in the second link; here:

<http://ConstitutionalGov.US/>

<http://constitutionalgovus.chatango.com/>

EMail-List Preferences are here-in accommodated.

People who are willing to assume our desperately-needed "Public Leadership" roles are encouraged to notify this chief-organizer, that, they are willing for their EMail-Address to be listed in the "Public/Visible" portion of our "Conference-Invitation EMail-List", (as shown in the header of this email); but those with greater concerns for Privacy are invited to similarly notify this chief-organizer, that, they desire for their EMail-Address to be listed in the Obscured & "Blind-Copy" portion of our "Conference-Invitation EMail-List"; (as similarly inferred above).

Once we get important document-composition completed, or perhaps achieve other significant break-throughs; we intend to resume hosting our Conference/Court Sessions "Weekly". But, for now, our leadership is using our limited time/energy recourses to develop a "More Clearly Defined Program" for Achieving our Stated Goals. This includes Composing Documents which describe specific Details of our Larger Strategy & that will include listing the Specific "Procedural Steps" Necessary in order to achieve our Largest Stated Goal, of Making American Constitutional "Due-Process of Law" Available for all of our Common American People".

And we desperately need "Less Talk & More Action", in these areas.

Taking paranoia-level Cautious "Baby-Steps" towards these ultimate "Lawful Remedies"; we expect an enlightening discussion to happen in our conference this Wednesday evening; & We plan on hosting similar weekly conferences on in-to the future, at this same time & place. We expect to gain the ability to regularly compose complete "Transcripts" of Our Court's Conferences. The mp3 audio-file recordings of our past conferences are generally available by scrolling-down in our conference's above web-linked "Talkshoe.com" web-page.

We all do hope that All Honorably Concerned People will be able to attend this up-coming conference, & Assist us in Insuring that "Lawful Process" is Responsibly & Vigilantly Followed; in all of these cases which are being brought before Our Court.
