These Credit Assignments are being Issued In Name of, & On the Behalf of, both God, & the Common People of the USA. Both God, & the more qualified & socially-responsible People of our American Nation, consider the Issuance of some form of these Credits, to be a “Necessity”, as in the Service of Addressing Social Emergencies, all in such manners as Serve the Public Interest. More specifically; our American Social Environment Must be Altered in manners which Courageously Resist the Institutionalized “Class Warfare”, all of which amounts to a “Treasonous Conspiracy”, both of which are Being Relentlessly & Ruthlessly Waged Against our Common People; as more fully explained in the document web-linked here:

As explained in that document, & its associated documents; our Common American People Must Secure Sufficient Economic Security in order for us to become Competent to Assume Our Individual Duties for “Responsibly Self Governing” & Securing “Justice”, for both ourselves, & also for People Foreign to us. More specifically, (& as the above linked document explains more fully); Social “Emergency” Presently Exists, mostly stemming from the General Absence of Court Jurisdictions Sufficiently Competent in Due Process of Common-Law, in order that Meaningful “Justice”, including “Economic Justice”, may be liberally Dispensed for our Common American People. The “Emergencys” above referenced, include a Multitude of other-wise “Un-Resolved Criminal-Complaints”, which are presently before the Courts of the dysfunctional Civil/Municipal Governments of our States & Nation. Here-under; Issuance of these Credit Assignments are Necessary in order to Economically Empower Common People to Courageously Act in manners which Promote “Justice”, for All People, domestic & foreign. One Especially Prioritized Case which is Legitimizing This Alternative Currency Project, as presently Filed & Active in Our USA-Supreme-Court-of-Law, is known as USA-ExRel-Duran-Vs-Gates&Fauci; & is available here:
