

“Oath of Office” for the Public-Office of:
“Town Constable”, aka: “Peace-Officer”;
aka: “Tithing-Man”, aka: “Deacon”, aka: “Town Reeve”.

Version-5.

I, the under-signed, do here-by solemnly Affirm, before all men, & before the Supreme-Judge of the Universe; that, to the best of my ability, I will Responsibly & Faithfully Perform the Duties of a “Town Constable”, for the “Township Jurisdiction” here-under specified.

My “Duties” in this Office include the following:

1: I have a Duty to exercise “Community Care-Taking Functions” & to Maintain Regular & Adequate Supervision over, Each House & other Building in our Township's Jurisdiction; along also with the Roads and other Public-Utilities, all so-as-to Insure here-in Peace, Safety, & good Order here-in; & here-under, to maintain such “Open Lines of Communication” that I may efficiently Respond to Every Issue of Any Concern which any person here-in might communicate to me.

2: I have Duties to make good-faith efforts in order to maintain the Peace, Justice, & Harmony in our Township; & that this includes my conducting & presiding over regular “Town Meetings”. I recognize that this will require that I Seek “Consensus” amongst all “Qualified Electors” in our Township, concerning “Every Issue” of “Any Concern” which any among them may place before me.

3: I have a Duty to consistently Defer to & Respect the Separate & Sovereign Jurisdictions of Each of my Township's Qualified-Electors; at least so long as I find no cause to believe a danger exists.

4: I have a Duty to make Reasonable Efforts to Attend all “Precinct Meetings”; & there-in to respectfully & Vigilantly Seek “Consensus” on “All Matters of Mutual Concern” among each of the approximately Ten Constables of the Ten Separate Township Jurisdictions which constitute our Precinct. I recognize that this especially includes the Maintenance of this “Consensus” amongst our approximately ten Township-Constables, concerning Who from among us shall Occupy our Leadership Position, at our next higher-level of self-governing of our “Precinct Jurisdiction”, to act as our own “Justice of the Peace”, aka:“Precinct Captain”, aka “Judicial Officer”. I recognize that, Any One of our Ten Town-Constables have the Right to Call for a “Vote of Confidence” in our JoP Leader, at Any Time he might feel so Justified; & he may then & there propose that Another More-Qualified JoP/Leader/Judge should govern our Precinct.

5: I have a Duty to communicate any & all “Township Issues” which I am not fully capable of resolving by my-self, on up the chain-of-command, to our “Justice of the Peace”, so that he can exercise his larger Precinct-level jurisdictional authority, on our behalf.

6: I have a Duty to Collect all Tithing-Donations from all Qualified-Electors in our Township, and there-under to pass-on-up such portions of these donations to all higher governmental offices as are in the reasonable and well-balanced interests of all of our separate jurisdictions.

7: I have a Duty to our elected Precinct's JoP, to promptly & vigilantly Obey all Commands & Directives that he may Order me to carry out; save only unless, in that instant, I am firmly convinced that such commands are “Un-Lawful”. In such cases as this, I will promptly give fully adequate explanation & justification for my Refusal, to our assembly of Town Constables, at our next Precinct Meeting, if not sooner. I recognize that my Duties here are of most serious importance in Assisting our JoP in the Selection & of Jurors in all cases that might be brought before our Precinct-level Hundred-Court Jurisdiction.
