We are Devoted to Building an American National Assembly of Responsibly Self-Governing Communities, especially focusing on "Local Community Empowerment" under the "Exodus-18 Model of Local-Government".

Our Conferences largely discuss our Lawful Basis for Exercising our Rights to Motivate, Recruit, & Organize, Sufficient Numbers of Socially-Responsible People, in order to Build Local Responsibly Self-Governing Communities of Volunteer "Peace-Officers".

This Includes especially our Precinct-Level "Justice-of-the-Peace" "Judicial-Officers"; who have traditionally exercised their All-Powerful & Fully-Sovereign "General-Judicial-Jurisdiction".

It Also Includes their Immediate-Supporters, the "Constables"; who assume Duties to Collect All Economic Tithing-Donations; & who are responsible for All Executive & Enforcement Functions; & who are our More Numerous & On-The-Ground "Peace-Officers".

Most other Volunteers can qualify as much-needed "Deputy-Peace-Officers", &/or as "Jurors", all of which will be Options Available to All who Volunteer at our entry-level as "Qualified-Electors".

Here-under; All Needed Self-Governing-Machinery Will Be In-Place, in order that our Self-Elected & Grassroots-Accountable Community Leadership may effectively "Keep the Peace", & Enforce Our Common-Law Jurisdiction Hundred-Court Community's "Jury-Verdicts".

Virtually All Reputable Constitutional-Law Scholars Admit our Common-American People, Collectively, Have the Right, (& Duty), to Organize our Self-Governing & Common-Law Compliant Communities In This Manner.

Because Most of our Nations Serious-Problems are Caused By "Corruption in National-Government"; here-under, We Are also Prioritizing "National Common-Law Community Organizing".

Effectively; this amounts to our Calling Forth Our Own "Constitutional Convention"; which, under our "Common-Law Jurisdiction", would more accurately & completely be described as an "American-National Organic-Body-Politic Constitutional-Convention".

Such as Assembly of Constituents of our American-National Organic Body-Politic would be based on the Natural/Organic Principle of the "Consent of the Governed"; all of which is historically & solidly based on "Biblical Torah-Law".

The Supreme-Goals of Our Open-Assembly of Free-People, is for Our Assembly to Provide the "Public-Service" of Clearly Identifying "Objective Truth", & "Justice".

Here-under; & as a matter of regularly-obligatory General-Jurisdiction "Common-Law Procedure"; All "Good-Faith Participants", including those holding Opposing-Views, are Welcome to Challenge & Contest all Policies & words here-in presented. Discovering & Sharing "Objective Truth", is a "Necessary Pre-Requisite", Before we may actually be able to achieve our "End-Goal" of "Justice".

Our recent Conference-Recordings are usually posted with-in 24-hours, on our three Social-Media Cites, which are web-linked as follows:
