“Generally, to impeach by proof of bad character, the predicate necessary is a knowledge of the witness' character in the community or neighborhood in which he resides, although the term “community” or “neighborhood” is not susceptible to exact geographical definition, but means, generally, where the person is well known and has established a reputation, and the inquiry is not necessarily confined to the domicile or residence of the witness, but may extend to any community or society in which he has a well-known or established reputation.”

“Neighborhood”. Words & Phrases. Volume-28. / Marasso v. State, 93 So. 226, 227, 18 Ala.App. 488.

(Insert Date Here) . Version-1.0.

I, (Insert Name Here), do here-by solemnly & publicly Affirm, before the Supreme Judge of the Universe; my sincerely well-reasoned & conscience-bound “Judgement”, based on my own personal-knowledge of their behaviour; that, with regard to their “Qualified-Elector Status”; that, the People Listed in each of the basic Three Categories of this document, that, in My “Judgement”, each of those people so Listed in each of those Categories, are fully Deserving of being so Listed there-in.

I have Listed all people named here-in, in order of the Weight of the Respect & Credibility which they command in my own judgement; with those of Highest Respect & Credibility in my judgement listed nearer to the Top of this document, & with those with Less Respect & Credibility listed closer to the Bottom of this document.

I pledge that I will up-grade or down-grade the judgement-values which I have assigned to each person listed here-in below, when-ever well-reasoned arguments which support such re-consideration are presented to me. This work may be incomplete, but I will make efforts to keep it up-dated as the larger “Public Interest” so requires.

More explanatory commentary, & my own contact-info, is listed at the end of this document.

**“Qualified-Electors” & “Constituents”, List:**

(Insert names & available contact-info here, with most supported people listed nearer the top.)

~~~~~  
Indifferents, & No-Objections List; of noteworthy individuals, who are Not Affirmed by my-self:

I solemnly affirm, based on my own personal knowledge, that, the people listed in the mid-section here-in of “Indifferent”; that, my conscience does not allow for me to Certify them as “Qualified-Electors/Constituents”; but that I have “No Objection” to others so certifying them.

~~~~~  
**Objected People & Accused Subversives List:**

Below is my own Public Declaration of People whom I have come to believe have Committed such extremely Dis-Honorable Acts that my Conscience Commands Me to Speak Out as being Publicly “Opposed” to any possible effort form any other Qualified-Electors to Certify these people as “Qualified-Electors/Constituents”, with-in our American National Organic Body-Politic.

I have come to believe that these People are Acting with “Malicious-Intent” to “Subvert” the ability of our American People to “Responsibly Self-Govern”. Further here-under, I believe these

people to be Not Recognizable by any fully-informed & conscience-bound American as being either a “Constituent” or a “Qualified-Elector”, with-in our US-American National Organic Body-Politic.

Further here-under, & to the best of my reasonable capabilities; I will “join forces” to with others who Oppose these same Subversive People; & this all in order that our larger “Public Interest” may be Served by Thwarting their obviously un-repentant & Subversive Influence on our collective abilities to “Responsibly Self-Govern”.

I Publicly Recognize, that, All Honorable Americans have the Right to fill out a similar document as this; & that, when they are Judging & Categorizing People in similar manners, including my-self; that, they may similarly make their final similar document fully “Public”. Further here-under, I recognize, that, the “Public Interest” is well served from multitudes of our Common American People composing similarly solemnly affirmed, conscience-bound, & well-reasoned documents as this; because, here-under, our Common People will surely gain many valuable Insights, from all such Publicly expressed Judgements. Further here-under; I & others may “Correct our Errors”, if indeed any of our own insights & judgements might be shown by others to be “in error”.

I recognize that this effort has far-reaching effects & potential for assisting honorable Americans to clearly Identify those among us who are either truly Worthy of of Positions of Leadership with-in our larger American Patriotic Community, & also for identifying people who actively attempting to Subvert our collective ability to “Responsibly Self-Govern”.

This document is a “rough draft”, with minor errors in it; but, it's text accurately reflects my own personal “Judgements” concerning the high or low levels of the honorable of the characters & reputations of each of the individuals named here-in.

I have below filled-out as much contact-info as I feel comfortable in sharing with the Public.
