

**Specific ‘Additional Incentives’, assigned as Rewards,
for Investing In & Circulating the Alternative Currency of
the Bible/Torah-Law & Common-Law Compliant
Religious Jural-Society Community which is known under such names as
the “Natural Law Church”;
the “Constitutional Government of the USA”; & also as
the “Supreme Court of Law for the USA”.**

1: The Highest-Level of these ‘Additional Incentives’ will Only Be Available during the First Threshold Time-Period, where-under this Currency is being First Introduced, & where-under it has Not Yet Gained Any Significant Popular Usage.

We expect this time-period to last no longer than three months; but it may last as long as a year, or it may be as short as a single month. This Cut-Off Date is expected to be more precisely Determined by the Consensus of the Twelve Supreme Judicial-Officers of Our Supreme Court of Law, as we are openly & publicly discussing this issue.

During this First Threshold Time-Period, this Highest-Level of Additional Incentives will be Pegged at “Ten Per-Cent”, aka: “10%”.

This means, in good-faith, & in reasonable Exchange for ‘Valuable Consideration’, such as Goods or Services Delivered; Each Natural Person who Receives Any Amount of Our Alternative Currency, will Immediately have Added to His Account an Additional 10% of the Amount of the Currency which he has so received.

~~~

2: The Middle Level of these ‘Additional Incentives’ will Be Available during the Second Threshold Time-Period, where-under this Currency has Gained Some Significant Popular Recognition & Usage, but it is not yet competing seriously with any of the numerous other Alternative & Crypto Currencys which are modernly, popularly, & fashionably circulating.

We expect this Second Threshold Time-Period to continue in existence; for close to One Year. We expect this decision to be Determined more precisely by the Consensus of the Twelve Supreme Judicial-Officers of Our Supreme Court of Law, as we are openly & publicly discussing this issue.

During this Second Threshold Time-Period, this Middle-Level of Additional Incentives will be Pegged at “Seven Per-Cent”, aka: “7%”.

This means, similarly as under our above-described First Threshold Time-Period; that, Each Natural Person who Receives Any Amount of Our Alternative Currency, that Person will Immediately have Added to His Account an Additional 7% of the Currency which he has so received.

~~~

3: The Lowest Level of these ‘Additional Incentives’ will Be Available during the Third Threshold Time-Period, where-under this Currency has Gained Significant Popular Recognition & Usage, & it is beginning to compete seriously with the numerous other Alternative & Crypto Currencys.

We expect this Third Threshold Time-Period to continue in existence; for close to Two Years. We expect this decision to be Determined more precisely by the Consensus of the Twelve Supreme Judicial-Officers of Our Supreme Court of Law, as we are openly & publicly discussing this issue.

During this Third Threshold Time-Period, this Middle-Level of Additional Incentives will be Pegged at “Three Per-Cent”, aka: “3%”.

This means, similarly as under our above-described First & Second Threshold Time-Periods; that, Each Natural Person who Receives Any Amount of Our Alternative Currency, that Person will Immediately have Added to His Account an Additional 3% of the Currency which he has so received.
