

Please Begin Using: “Local-Community-Currency”, of & for: “Coleman County, Texas”.

As with most US-States, Three Texas Statutes Affirm the “Uniform Commercial Code”, which may be reviewed here:

This Local Community Currency process is based firmly thereon. Once this More Constitutional Economic System is Established, Immense Economic Benefits will Immediately Appear for All Local Community Members.

These Benefits will Include:

- 1: Minimal Basic Economic Needs of All Good-Faith Participants Will Be Met.
- 2: Local Participating Small Businesses Will Flourish; because,
 - 2a: They Will Receive “Lines of Local Community Credit”, where-under they can offer better bargains to their customers; &
 - 2b: Local Customers Will Have More Money To Spend In Their Businesses.

This Process Encourages More Government Participation By Religious Communities.

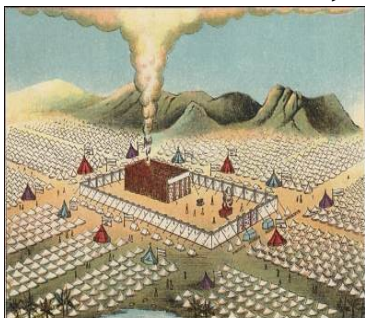

This is all Based On “Common-Law Tradition”; which, in turn, is based on the “Biblical Torah-Law” Mandate of “Honest Weights & Measures”. The Bible Identifies how the Conflict Between Good Vs Evil is Related to these “Economic Issues”. In the book of Revelation, 18, 9–13; is described the “Great Whore Babylon”, & the “Merchants” through whom she gained her evil control; & how that Despotical Commercial Empire also Bought & Sold “Slaves, & the Souls of Men” (King-James Version).

These Biblical verses, clearly describe, a System of Economic Tyranny & Despotism, which is substantially Similar to the Despotical Economic-System which is Modernly Extorting & Brutally Squeezing Economic Resources from our Local Small Business & Common People.

This Tyrannical Economic & Military System is a deep study, about which more info is available here:

Here-under; Many Good Local Public-Servants are Under Immense Peer-Pressure to Continue Supporting the Oppressive Babylonian-Whore Slave-Trading British/Roman-Empire Economics-Model.
But; When This Alternative-Currency Effort Gains Enough Support, & Soon;

2c: Many Forms of City, County, & State Taxes & Fees Will Become Trivial or Non-Existant. This Alternative Currency Has Lawful Authority to Immediately “Discharge” (& effectively pay) All Real-Property Taxes, all Utility Bills, All Court Fines, & All Licensing Fees. As our honorable Religious Communities become more involved in this process; All Coercive-Taxes Will eventually Be Replaced by Non-Coercive & Completely Voluntary Economic “Tithing Donations”.

Local Community Meetings Will Soon Be Scheduled to Discuss This Process. Contact This Local Community Organizer “Charles Stewart”. Charles@ConstitutionalGov.us / 325-603-0334.
