

## Allegiance To *The Republic*, The United States of America

Comes now, Jason James Goodwill (also known as Complainant), a non-resident non-alien of United States, Incorporated, having been born in Michigan and currently inhabiting in Michigan and in the current Meets and Bounds under The United States of America of the government known as The United States of America 1781. Whereby I, as a Crime Victim and a Complainant, am also stateless under the United States of America – being Manhattan Island, its Federal Government, its Corporation of the United States, Incorporated, and its various derivatives and subsidiaries. My political status is also a result of the Federal Constitution and its Preamble statement referencing "United States," whereby it fails to properly refer to the "*perpetual union*" referenced by the Article of Confederation as "The United States of America," and instead effectively created an indenturing of "U.S. citizen(s)" – as referenced stated in U.S. case law of *City of Minneapolis v. Reum* (Circuit Court of Appeals, Eighth Circuit. May 29, 1893, No. 211) – to a private membership association.

The Congressional records of the United States, referenced in the forgoing, is operating in the controversial post-14<sup>th</sup> Amendment era, where one has the right to expatriate. Under the Universal Declaration of Human Rights (UDHR), governments are not entitled to abridge my choice of Nationality, nor to deprive me of any other of my unalienable rights. Yet what is presented in the Congressional Record is arguably a ploy for creating an implied contract, one which constructs "*citizenship*" and a forced obligation upon me as a "U.S. Citizen", as one "*born into*" what was otherwise constructed as a foreign Private Membership Association with "*elective franchises*" and other fabricated "*privileges*."

### **Fortieth Congress Sess. II. Ch 249, 250. 1868**

CHAP. CCXLIX --An Act concerning the Right of American Citizens in foreign July 27th 1868 states:

*"WHEREAS the right of expatriation is a natural and inherent right of Rights of all people, indispensable to the enjoyment of the rights of life, liberty, and American citizens in foreign the pursuit of happiness; and whereas in the recognition of this principle this government has freely received emigrants from all nations, and invested them with the rights of citizenship; and whereas it is claimed that such American citizens, with their descendents, are subjects of foreign states, owing allegiance to the governments thereof; and whereas it is necessary to the maintenance of public peace that this claim of foreign allegiance should be promptly and finally disavowed:*

*Therefore,*

*-- Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that any declaration, instruction, opinion, order, or decision of any officers of this government which denies, restricts, impairs, or questions the right of expatriation, is hereby declared inconsistent with the fundamental principles of this government. "*

The indoctrination can arguably be said to start at the time of birth of every American whereby, according to 8 U.S.C. § 1101 (a)(23), the term "*naturalization means the conferring of nationality of a state upon a person after birth, by any means whatsoever.*"

I swear to uphold the Constitution For The United States of America, which was re-inhabited by quorum, re-instituting allegiant to the Sovereign as defined in the Supreme court, being a Covenant and that solemnly rejects the "United States" (Inc.), a municipal corporation illegitimately claiming

Sovereignty over me, and whose claims of contracting National into citizen where transferred by unauthorized implied contracts in fraud and under color of law – its own laws. Such illegitimate acts have effectively imposed upon and impaired my own sovereign and unalienable rights, by the "UNITED STATES" ("Inc.") claiming and instituting their own rights – in Commerce – to damage me and to trash my own rights.

I hereby and herein declare my right to contract or not to contract; and to cast off the fraudulent illusion and the fictitious corporate veil and controversy created by the unconstitutional usurpation of power and control of UNITED STATES and its "agents," which I have proof rule by acts of tyranny and (domestic) terrorism. I also assert herein that I cannot hold allegiance to two (2) opposing national Sovereigns upon the same soil, as it is impossible to be allegiant to both one nation devoted to supporting and defending the Constitution of The United States of America and one nation intent on destroying The Constitution's underlying meaning and intent.

Thus, under penalty of perjury and before a Notary Public and Jurat, I accept and say "yes" to having allegiance to The United States of America and metes and bounds. By claiming such allegiance, I undertake an affirmative act to dispel the controversy and fraud being perpetuated by the corporate "officials" operating as the UNITED STATES; and I herein establish my full faith and credit in the Trust, created in Common Law, supported, endorsed and enforced by Private Attorneys Generals and/or the Human Rights provided under the Universal Declaration of Human Rights.

When not in an invoked status of Private Attorney General, all unresolved controversies opposed to this writ herein, are subject to common law action for remedy including Trespass, civil rights and RICO, in any form of any supportive of any state including U.D.H.R.
