RE: 1) Terrorists acts perpetrated at the home assigned to YOUR account #910024684326;
2) Payment under duress & terrorist threat on coercion to a contract for “AMI” meter and
interference with existing “*landlord/tenant*” contract; 3) Notice of Liability

To Jerry Labut, Beverly Buritz, Bill Schuette, Sally Talberg and Too All of Your Agents and
Representatives:

I am attaching along with this letter a Cashier’s Check in amount of \$139.98 as a payment made
to correspond with the “*Payment Coupon*” with a “*Due Date*” of “*December 12, 2017*” sent to
me at the only permissible communications address available to me, being at the post office box
appearing at the top of this instant letter. This “*original*” of this check, being tendered only
“*under duress and terrorist threat*” is being sent to Beverly Buritz, the Operations Supervisor at
the “*One Energy Plaza*” address for DTE ENERGY, the corporate “*person*” that I have named as
a “*criminal perpetrator*” in my “**Criminal Complaint and Ledger of Damages**” dated 11/13/17.
That criminal complaint is publicly posted on the World Wide Web at the following location for
your convenience: [http://cases.michigan.constitutionalgov.us/david-
schied/2017_ProofofState&Nat'IFinanCrimeSyndicates/Examp-
16/111417_SwornNotarizedCrimComplaint&Ledger.pdf](http://cases.michigan.constitutionalgov.us/david-schied/2017_ProofofState&Nat'IFinanCrimeSyndicates/Examp-16/111417_SwornNotarizedCrimComplaint&Ledger.pdf)

Note that I have also produced video documentary with a FACTUAL account of the CRIMES of
DOMESTIC TERRORISM that occurred against me, as publicly posted on the World Wide Web
at: <https://www.youtube.com/watch?v=uOncdSeg1Xk>

Note also that this letter to each of you serves to document the continuation of the crimes you are
all perpetuating by your (past and present) direct involvement, by your complicity and
dereliction of duty to act in my defense and/or in defense of the Michigan and United States
constitutions, and by other Evidence of “*aiding and abetting*” these “DTE” domestic terrorists by
corruptly providing them, individually and collectively, with safe “*haven*” protectionism and

impunity, high thresholds for initiating criminal and/or grand jury investigations for prosecuting criminal cases, and for inadequate and non-transparent administrative penalties against clearly demonstrated “*coercion*” of the populace and the “*government*” by DTE ENERGY “*agents*” and “*employees*,” as what has been otherwise defined by Congress as “*domestic terrorism*.”

In short, although Jerry Labut purportedly “*retired*” and Beverly Buritz fervently denies it, both had agreed with my landlord and myself in 2013 and again in 2014 to allow two rotary-dial electric meters to be replaced by two “*digital*” meters on the condition that no “*smart*” meter would be placed on the home that I have long been renting. This is a home under which I live by a contract that forbids my personally authorizing any structural or functional changes on the outside or inside the home. Further, that contract specifically states that the homeowner assumes all liability for fire to the home, unless I violate that contract by authorizing or making any such changes to the home.

On 11/7/17, DTE ENERGY “*agents and employees*,” acting as a “*collective*” – being in “*unison*” and “*in concert*” and “*conspiracy*” acting as the singular corporate “*person*” of “DTE ENERGY” – committed **fraud, extortion**, and other forms of “**domestic terrorism**,” by cutting off all power to my home for a full week, by placing an unsigned letter on the front door of the home I that inhabit, with fraudulent claim that I had “*refused access*” to DTE metering equipment; and subsequently “*coerced*” me into breaking my contract with my landlord and establishing a superseding contracting with the DTE ENERGY monopoly for the placement of what research shows may otherwise be fire hazards, to be exchanged out for the two “*digital*” meters agreed to by both my landlord and myself with the DTE ENERGY “*agents*” of Labut and Buritz. Further, as the documentation of recorded phone conversations in the video documentary prove, once DTE ENERGY agents entered the property and placed two “*AMI/smart*” meters on my landlord’s home, they then maliciously cut the power lines near the box, leaving bare wires just inches from the wood structure of the home, instead of simply turning on the power; thus, tortuously leaving my household without power for another five full days.

The details and the Evidence are all depicted in both the “**Criminal Complaint and Ledger of Damages**,” and in the video documentary that I produced as an expression of my First Amendment guarantee to “*freedom of the press*.”

Notably, I have Evidence that just three weeks prior to the terrorism perpetrated upon my household by DTE ENERGY, Sally Talberg was notified in writing by letter from Senator Patrick Colbeck dated 10/18/17 about certain complaints his legislative office had received giving the appearance that there were “*patterns and practices*” in evidence that such “*domestic terrorist acts*” had occurred to numerous others of his jurisdictional constituency. The full copy of that letter from Colbeck to Talberg is found on the World Wide Web at:

http://cases.michigan.constitutionalgov.us/david-schied/2017_ProofofState&Nat'IFinanCrimeSyndicates/Examp-16/101817_ColbeckEarlierLetr2MPSC/101817_ColbeckLetr2MPSCChairTalberg.pdf

Yet after receiving this informative letter from Senator Colbeck, Talberg did nothing to even sway the agents of DTE ENERGY from committing a similar “*pattern and practice*” of coercive crimes against me. This justifies my claims herein that Sally Talberg, as well as her cohorts of

the MICHIGAN PUBLIC SERVICE COMMISSION are criminally “*aiding and abetting*” in these ongoing crimes against the people of Michigan communities across this state.

Further, even after having received what was the clearly marked “*Criminal Complaint and Ledger of Damages*” that was addressed to him, Bill Schuette – acting through his “agents” in cowardly fashion – referred to my paperwork **fraudulently** as a “*Citizen Inquiry [2017-0202341-A]*” and fraudulently stated that the topic of my letter concerned the “*DTE Energy bill.*” The copy of that fraudulent letter addressed to me by Schuette and his agent of the so-called “Public Service Division ‘*Division Chief*’” Steven Hughey, is found on the World Wide Web at:

http://cases.michigan.constitutional.gov.us/david-schied/2017_ProofofState&Nat'IFinanCrimeSyndicates/Example/16/Nov2017GovntResponses/112917_AGSchuetteLetrRhetoricinReply.pdf

This “*response*” letter from Bill Schuette, *et al* is *prima facie*, FRAUDULENT – on its face – leaving no question whatsoever that Schuette and his criminal accomplices of Steven Hughey, and others of Schuette’s “agents” operating the so-called “*Michigan Agency for Energy’s State Response Division,*” are all participating in a multi-tiered “*crime syndicate,*” offering cover-up and fostering protectionism to the “*domestic terrorism*” being carried out by his affiliates operating with a “*monopoly*” on the “*power*” that is otherwise rightfully reserved to the People of this State. It also happened that Schuette’s/Hughey’s letter fraudulently claimed that the “*State Response Division is already assisting [me] with [my CRIMINAL] complaint*” when this is also clearly not the case. At any rate, **by this letter herein I am providing such notice to all parties that there has been no follow-up contact whatsoever to me, in writing or otherwise, from any such entity called the “State Response Division.”**

Schuette’s/Hughey’s letter, dated 11/29/17, is thus, entirely fraudulent, serving only to perpetuate, convolute, and provide a “*secondary level*” of further complication and complexity over the “*predicate*” crimes of DTE Energy, being what Congress also defines (by the corrupt, racketeering actions of Schuette’s “*Attorney General*” office) as “*racketeering and corrupt organizations*” (“*RICO*”). Schuette’s/Hughey’s letter stands as further proof that Schuette *et al* are using this type of fraud to “*coerce*” the population of Michigan (of which I am a typical constituent) while generating fraudulent paperwork that the Attorney General’s office may officially “*misrepresent*” when creating official “*reports*” to the public, to the Michigan legislature, or to Congress (i.e., misrepresenting “*criminal complaints*” – mandating certain responsive duties of the Michigan Attorney General as Michigan’s “*chief law enforcement officer*” – as mere “*citizen inquiries*” requiring no “*criminal prosecution*” or other significant type of response whatsoever). As such, and given the scope of this “*Criminal Complaint*” and the “*pattern and practice*” of crimes that it singularly represents, Schuette and his entourage of criminal co-conspirators should be **impeached and imprisoned.**

For the reasons cited above, you four – Jerry Lebut, Beverly Buritz, Bill Schuette, and Sally Talberg – are being “*served*” with the accompanying 12-page “*Notice of Liability Regarding Trespassing Technology,*” as self-executing contract by which “*silence is acquiescence, agreement and dishonor*” and any further communications carried out in fraud will constitute additional “*counts*” of racketeering crimes of minimally, as more “*mail fraud*” (as was

Schuette's/Hughey's fraudulent 11/29/17 letter). Note that "*Notice to Agent is Notice to Principal; and Notice to Principal is Notice to Agent.*"

You should also all note that, besides my "*Criminal Complaint and Ledger of Damages*" being sworn and notarized, the accompanying 12-page "*Notice of Liability Regarding Trespassing Technology*" also includes a 3-page attachment of an additional sworn and notarized "*Affidavit*." Therefore, should you wish to refute anything in either of these lawfully-supported statements of FACTS, then you need to provide your rebuttals in writing also as sworn and notarized statements of countermanding facts supported by your evidence to the contrary of mine.

Respectively,

Enclosures:

- "*Cashier's Check*" in the amount of \$139.98 tendered under conditions of David Schied being "*under duress and terrorist threat*"
- 12-page sworn and notarized "*Notice of Liability Regarding Trespassing Technology*"
- 3-page sworn and notarized "*Affidavit*"
