

# **Organizing Super-Precincts in Wayne County, Michigan;** **all under the ‘Higher-Laws’ of Scientific ‘Natural-Law’,** **& of Traditional/Organic/Constitutional ‘Common-Law’ & ‘Torah-Law’.**

This document presents an effort at Organizing a new & more Natural/Organic, Judicially Empowered, & Grass-roots “Accountable” Model, of ‘Responsibly Self-Governing County Government’, for the People of Wayne County, Michigan.

This Model of Government is firmly rooted in our American Constitutional Tradition of “Common-Law”; all as derived from the more ancient & un-adulterated Traditions of of England & Northern Europe. These traditions have been clearly recognized by William Blackstone, & others, as ultimately being derived from the Biblical “Torah-Law”, as specifically described in Exodus 18; all where-under is Mandated that the more Local Communities be “Politically Sub-Divided” in-to Consensus-Based & Organic Elector/Constituent-Represented “Communities of Tens”.

In our efforts to design & implement this Superior Model of Government for the common People of Wayne County, the Population of our County here will need to be ‘Politically Sub-Divided’, in “Proportionally Balanced” manners, in-to Ten “Common-Law Precincts”.

Each of these new Common-Law Precincts is intended to become it’s own “Responsibly Self-Governing Community”, with it’s entire Organic Body-Politic being Organized similarly as a Constitutionally-recognizable ‘Jural Society’ Community.

Here-under, the Qualified-Electors who organically constitute each of these “Super-Precinct Communities” will be Oath-Bound to Responsibly & Vigilantly Assist in Holding Every Member of these Communities Fully Responsible & ‘Accountable’, for All of their Actions, under our traditional Anglo/American Organic Constitutional concept of “Due Process of Law”; which, in legally technical terminology, is recognizable as a form of “Higher Law”.

Here-under; each of these Ten ‘Super-Precinct Communities’ will be Represented by a Real-Time Grass-Roots Accountable ‘Precinct Captain’, & ‘Judicial Officer’, who is known as their Precinct’s ‘Justice of the Peace’; & who will here-under hold One Seat in the “Ten-Seat Governing Body” of this newly formed “Wayne County Supreme Court of Law”.

This will all be accomplished through re-engineering the presently municipally recognized 989 “Precincts” of Wayne County; so that Each of the Ten New Common-Law Super-Precincts will consist of the same geography & populations as approximately 99 of the present municipal Precincts.

In further pursuit here-of; ‘Numerical Population Calculations’ may efficiently be made based on Wayne County’s Municipal/Provisional Government’s present “15 Commissioner Districts”; all of which may be easily broken-down & re-formatted in-to our new Ten ‘Super-Precincts’.

A Map of those municipal 15 “Commissioners Districts”, is available here:

We expect soon to receive detailed Precinct Population-Count Data from the Director of Elections in the Wayne County Clerks Office, Gregory Mahar; & we expect to improve & up-date this document shortly there-after.

This document is in a ‘state of growth & development’, as we are gleaning relevant data; & thus this document is still incomplete & temporary. One web-link from whence we obtained some of our present supportive (but incomplete) data, is here:
