Defendants.)	

1: Legal-Fiction Corporation Plaintiff's Attorney Jarrell has Failed to Accurately Identify the True Identity of his clients, the Plaintiffs, in this case. Attorney Jarrell only Names Them as: "FREEDOM MORTGAGE CORPORATION, it's successors &/or assigns".

Even if this court might consider legitimate & proper the granting of the indulgence of allowing Legal-Fiction Corporations to proceed to invoke the force of the State to Take Possession of Real-Property; That Form of Identification, including "It's Successors and/or Assigns", Fails to Identify with Any Meaningful Clarity Which Legal-Fiction Corporation Might actually be Claiming to be Legitimately Entitled to Invoke the Force of the State to Take Physical Possession of this Real-Property from these Defendants.

And actually, their main Legal-Fiction Corporation Named, "Freedom Mortgage Corporation", is described in their evidentiary document entitled as "SPECIAL WARRANTY DEED", dated 2017-January-24, as being the "Grantor", of said Deed, to a "Grantee", named there-in as: "the Secretasry of Housing and Urban Development of Washington D.C., His Successors or Assigns, c/o Information Systems and Networks Corporation, ... Oklahoma City, OK ...".

That was back in January of 2017; & evidence of common practice, indicates, high probability that, these more current Assignees &/or Grantees, are Presently Not the "Real Party of Interest" in this case.

But, even if they are, They Should Be Clearly Named as Plaintiffs in this case; or else How Will This Court Know Who to Deliver the Physical Possession of this Real-Property Too?

In the LARGER context of this Evidence from that "SPECIAL WARRANTY DEED"; Attorney Jarrell's Reliance on the Legal-Fiction Corporation "FREEDOM MORTGAGE CORPORATION" as his implied "Plaintiff" in this case, is Obviously Disengenuous.

Here-under; the Plaintiffs case should be dismissed, with prejudice.

Respectfully Submitted;

Michael Moore, &/or Christine M. Huddleston/Moore;
