Court Clerk Hawthorne;

Please assign a case-number on the single 'Complaint' document in accompaniment here-with, & place it in your 'Court Records', along with one Copy of this 'Cover-Letter & Notice' document; & distribute the remaining copies of this 'Cover-Letter & Notice' to each of the Nine Supreme Court Judges of the Court with-in which you are the acting Clerk. Thank you.

Judicial Officers of the Supreme Court of the Municipal Government of the People who Constitute our State of Texas;

This document is a 'Cover Letter & Notice' to Each of you; here-by Notifying you all of the 'Epidemic of Crimes & Injustices' which are Routinely being Perpetrated by the Judicial-Officers Presiding in the municipally-franchised Courts of our State of Texas, & over which each of You have Duties to exercise effective Supervision. Those specific municipally-franchised Judicial-Officers are Routinely acting in Complicity under Racketeering & Kidnapping Schemes; all as Evidenced more specifically in our sworn 'Class-Action State-Ex-Rel Criminal-Complaint' against two of the local District Court Judges under your supervision, & their cohorts; all as web-linked for the review of each of you, near the end if this Notice document.

Due to our economically disenfranchised status & limited budget, only One Copy of that larger 30-page Criminal Counter-Complaint is being mailed to the Clerk of your 'Supreme Court', & that one copy is intended to be filed permanently in that Court's Clerk's Records. How-ever; multiple copies of this 'Cover-Letter & Notice' are being included in our mailing to your Court, each of which is marked for being distributed to each of you Judges. Here-under; each of you Supreme Court Judges are being directed to retrieve, print-out, & review, this complete copy of the accompanying Criminal Counter-Complaint. Copies of other files related to this case, including this Notice, are also available under this same web-link.

We Counter-Plaintiffs here-by formally request that each of you Judges formally Respond to these Accusations of the Existence in Texas of an 'Epidemic of Crimes & Injustices' which are Routinely being Perpetrated against our State's common People by the Judicial-Officers Presiding in the municipally-franchised Courts over which each of You have Duties to exercise effective Supervision. Here-under; we further formally request, that, each of you Judges take some specific Actions which Reasonably Evidence that you are meaningfully Concerned about actual "Justice" for our common People of Texas. The self-evident Track-Record of you Judicial-Officers there-in seems to us to Evidence your collective Lack of Functionality of Conscience or Reason; & we declare before you that the common People who are well-informed on these issues in Texas, are in general Agreement that these Evils Are Routinely Perpetrated in these trial-level Courts over which each of you have Duties to exercise effective Supervision.

You Judicial-Officers have now been Notified of this unique Criminal Counter-Complaint, & you have Duties to promptly 'Correct the Errors' of your Lower Courts, including the one here-in referenced of the 'District Court for Coleman County'. Those Errors & Duties are here-by publicly & openly being made quite clear to each & all of you Judicial Officers; & we are here-in specifically Demanding that you 'Correct the Errors' of your Lower-Level 'Coleman County District Court'. We further here-by notify each of you, that, any possible failure by any among you to respect those Duties, may result in future lawful Complaints against you, & as likely legitimized there-under, lawful actions may also be taken against you.

Copies of the larger Complaint document here-in referenced, along with other documents related to this case, are all intuitively named & available under our general web-page for this case, here:
