

Twenty Credits, of: Coleman County Community Currency; in the Super-State of Texas.

This Is a Constitutionally Legitimate Local Texas Community-Currency; as Issued In the Name of, & On the Behalf of, the Common People, & Small Businesses, of Our Responsibly Self-Governing & Organically Organized Body-Politic Community of "Coleman County, Texas". Here-under; & In the Name of, & On Behalf of, Coleman County's Common People; Pro-Tem/Temporary Presiding Common-Law Jurisdiction Chief Judicial, Executive, & Community Welfare & Community Organizing Officer, Charles Stewart, has here-under Presumed to Take the Initiative to Organize a Coleman County Community Public Treasury & Bank from whence this Commercial Instrument has been issued.

Here-under; this Document Authorizes it's Bear to Receive a Draw of Commercial Credit from Our Local Community Treasury, in the Equivalent Credited Amount of "Twenty Grams of Silver". Since Silver Coins are traditionally weighed in "Troy Ounces", & since these Troy Ounces Equal precisely "30 Grams"; here-under, this Twenty Gram Silver Credit Note contains Equal Credit Value as ".67 Ounces of Pure Silver Coins". We prefer to index our Credit Accounting System in these "Grams of Silver", as opposed to the more popularly used "US Dollars"; because, those "US Dollars" are currently being mass-produced in "Hyper-Inflation" manners, all of which strongly indicates that they will soon become very close to being worthless.

In direct contrast there-with, Our Local Community Currency here, is denominated in "Silver Coins", all of which are historically proven to be a very "Stable Value" form of community currency. For further here-under Calculating Equivalent Value of our Community Credits, as compared with the more popularly used "US Dollars", there do exist various web-pages on the internet which make this information easily available, with one being here:
<https://www.kitco.com/charts/livesilver.html>

This Document is "CheckBook Money"; as Issued by Our Community Treasury, Public Bank, & Public Credits/Debits Clearing-House, all As Engineered & Promoted By our Calvinist Protestant Christian Natural Law Church, & USA Supreme Court of Law; & this as presently led & maintained by Charles Stewart; & this all for the Public Benefit of All Responsibly Self-Governing People & Organic Body-Politic Communities; every-where.

This Alternative Currency & Economic System has been Designed In Compliance with Traditional Seventh-Amendment recognizable Anglo/American "Common Law". It has been Brought In-to Existence for the Purpose of Freeing our Common Working-Class American People, & Small Businesses, from: the Currently Dominant Roman-Empire Imperialist & Class-Warfarer Model of Economic-Systems & Government, the later of which is historically recognizable as being derived from the Militarized Slave-Trading Jurisdiction which is described in the Biblical Book of Revelation, as the "Babylonian Whore".

If you Believe our American People should Not Be Economically En-Slaved, then Please Use & Honor This Alternative Currency. More Complete Explanation of This Alternative-Economic-System, It's Constitutional Legitimacy, & Our Institution's Routing-Data & Complete Tracking, Monitoring, Accounting, & Ledgering, of Available Account Balances; are All Regularly Up-Dated & Available Our Community-Web-Pages, as linked here:
