2017 <u>Texas Statutes</u>: <u>Government Code</u>: Title 4: <u>Executive Branch</u>, Sub-Title B: Law Enforcement & Public Protection. Chapter 418: <u>Emergency Management</u>.

Sub-Chapter E. Local & Interjurisdictional Emergency Management.

https://law.justia.com/codes/texas/2017/government-code/title-4/subtitle-b/chapter-418/

Sec. 418.101. All Political SubDivisions Served.

(a) <u>Each political subdivision is within the jurisdiction of and served by the division and</u> by a local or interjurisdictional agency responsible for disaster preparedness and coordination of <u>response</u>.

(b) The <u>presiding officer</u> of the governing body <u>of each political subdivision</u> shall notify the division <u>of the manner in which the political subdivision is providing or securing an</u> <u>emergency management program</u>, identify the person who heads the agency responsible for the program, and furnish additional pertinent information that the division requires. The person so designated shall accomplish training prescribed by the division.

Sec. 418.102. County Programs.

(a) <u>Each county shall maintain an emergency management program or participate in a</u> <u>local or interjurisdictional emergency management program that</u>, except as otherwise provided by this chapter, <u>has jurisdiction over and serves the entire county or interjurisdictional area</u>.

(a-1) An emergency management program required by Subsection (a) and maintained by a county, or in which a county participates, must provide for catastrophic debris management.

(b) The county program is the first channel through which a municipal corporation or a joint board shall request assistance when its resources are exceeded. Requests that exceed the county capability shall be forwarded to the state as prescribed in the state emergency management plan.

Sec. 418.103. Municipal Programs.

(a) <u>The governor shall determine</u> which municipal corporations need emergency management programs of their own <u>and shall recommend</u> that they be established and maintained. <u>The governor shall make the determinations</u> on the basis of the municipality's disaster vulnerability and capability of response related to population size and concentration.

(b) <u>The emergency management program of a county must be coordinated with the</u> <u>emergency management programs of municipalities situated in the county but does not apply in a</u> <u>municipality having its own emergency management program</u>.

Sec. 418.104. Interjurisdictional Programs.

<u>The governor may recommend</u> that <u>a political subdivision establish and maintain a</u> <u>program</u> and <u>form an interjurisdictional agency jointly with</u> one or more <u>other political</u> <u>subdivisions if</u> the governor finds that <u>the establishment and maintenance of a joint program</u> or participation in it <u>is made necessary by circumstances or conditions</u> that make it unusually difficult to provide disaster mitigation, preparedness, response, or recovery services under other provisions of this chapter. Sec. 418.105. Liaison Officers.

(a) <u>Each city that</u> does not have a program and <u>has not made arrangements to secure or</u> <u>participate in the services of an existing program shall designate a liaison officer</u> to facilitate the cooperation and protection of the city in the work of disaster mitigation, preparedness, response, and recovery.

(b) <u>Each county shall provide</u> an office and <u>a liaison officer to coordinate with state and</u> <u>federal emergency management personnel</u> concerning disaster mitigation, preparedness, response, and recovery activities under other provisions of this chapter.

Sec. 418.106. Local & Interjurisdictional Emergency Management Plans.

(a) <u>Each local and interjurisdictional agency shall prepare and keep current an emergency</u> <u>management plan</u> for its area providing for disaster mitigation, preparedness, response, and recovery.

(b) <u>The plan must provide for</u>:

(1) <u>wage, price, and rent controls</u> <u>and</u> other <u>economic stabilization methods</u> in the event of a disaster; <u>and</u>

(2) <u>curfews</u>, <u>blockades</u>, <u>and limitations on utility use</u> in an area affected by a disaster, <u>rules</u> <u>governing entrance to and exit from the affected area</u>, <u>and other security measures</u>.

(c) <u>The</u> local or interjurisdictional <u>emergency management agency shall prepare in written</u> <u>form and distribute to all appropriate officials a clear and complete statement of the disaster</u> <u>responsibilities of all local agencies and officials and of</u> the <u>disaster channels of assistance</u>.

(d) <u>Each</u> local or interjurisdictional <u>agency</u> <u>shall conduct at least one public meeting each</u> <u>calendar year to exchange information about its emergency management plan</u>. Each agency shall provide written notice of the date, time, and location of the meeting, not later than the fifth day before the meeting, to the pipeline safety section of the gas services division of the Railroad Commission of Texas.

(e) An <u>emergency management plan</u> of an agency <u>is excepted from</u> the requirements of <u>Subsection (d) if</u>:

(1) <u>the emergency management plan contains sensitive information</u> relating to critical infrastructures or facilities; and

(2) the <u>safety or security of those infrastructures or facilities could be jeopardized</u> by disclosure of the emergency management plan.
